The Amilla Villa Estate's dreamy location

Got the travel bug? Head off in search of wanderlust and enjoy this incredible all-inclusive stay in a luxury villa resort in the Maldives.

Even if you are lucky enough to call Bali home, it is no surprise that sometimes you need to escape our island for a little R&R. Maybe you are planning a family getaway or just fancy a change of scenery... whatever the reason, how do you fancy getting wander-lost in the Maldives? We have a picture-perfect island getaway with your name on it, and you can enjoy added extras including your transfers and all your food included in the rate – there are no hidden costs!

The Amilla Villa Estate is located in utter paradise

The Paradise Deal

Ticking off the Maldives from your bucket list could not be easier with this fabulous all-inclusive stay at the Amilla Beach Villa Residences. Included in your stay are all of your meals – so whether that be cooked for you by your own chef in the comfort of your villa or dining out at the many world-class restaurants on the island. Plus, you will receive complimentary seaplane transfers to and from the resort.

A Little Piece of Tropical Heaven

Looking for chic, first-class luxury on an unspoilt paradise island with pristine white sand, crystal clear water and palm trees swaying in the warm breeze? Welcome to the Amilla Fushi, located in Baa Atoll, a short flight away from Male International Airport.

Made up of six 4-bedroomed villas, one 6-bedroom villa, and one 8-bedroom villa, the Amilla Beach Villa Residences sits on its very own beachfront enclave, giving its guests the utmost in privacy, let alone luxury. Different designs can be seen in the varying properties, but all are a sleek and chic piece of heaven, boasting marble floors and white minimalistic architecture. A team of staff are always on hand to cater to your every need, including a personal butler, chef and house master. Unwind in the swimming pool, kick back in the hammock with a book, or relax with in the sauna, and if you are staying with kids, they can keep busy in the games room.

Explore the island in your very own Rolls beach buggy!

If you can tear yourself away from the villa [and believe us, you will struggle], you have a whole paradise island to explore. Hop onto your very own Rolls beach buggy [we said it was luxe!] and head off to try the many world-class restaurants, spa, beach clubs and more. Kayak, windsurf or snorkel to discover the wonderful marine life, or take a fishing trip at sunrise. Go dolphin watching, swim with the Guitar shark, or visit the turtle safari. Try your hand at badminton, volleyball or even get some tips from a tennis pro! Relax at Javvu Spa and learn about the infamous James Duigan's Clean and Lean philosophy. There is so much to see and do, and however you spend your time, we promise you, you will leave this holiday feeling energised, refreshed and certainly wanting to come back to this little slice of paradise.

So, book your tropical getaway now, and don't miss out on the chance to stay in this first-class oasis!
