Amilla Beach Villa Residences

A secluded beachfront retreat in the Maldives' Baa Atoll, [Amilla Beach Villa Residences](http://www.luxuryaccommodationsblog.com/post/152607349031/amilla-beach-villa-residences) has its own powdery white beach and world-class spa.

Modern Miami style architecture, sleek minimalist interiors, and fabulous amenities characterize the property's six 4 Bedroom Villa Residences, all of which come with private pools, personal butlers, and complimentary food.

Equally stylish, The Great Beach Villa Residence accommodates up to 14 guests in 8 sumptuously appointed ensuite bedrooms, and pampers them with spectacular facilities such as alfresco rain showers, gym equipment, and games room.

Last, but not least, the strikingly contemporary Amilla Villa Estate blends exquisite designer furnishings with spellbinding sea views, while also offering a sensational 20-metre pool, a rooftop lounge, and its very own cinema.
